

Special Resolution to Include Hineterā as a Hapū of Ngā Tokorima a Hinemanuhiri (NTAH)

Background

Currently, under the NTAH Trust Deed ('The Deed'), the hapū of NTAH include: Ngāi Tamaterangi, Ngāti Mākoro, Ngāti Hingāngā, Ngāi Pupuni, Ngāti Pareroa, Ngāti Poa, Ngāi Tamatea, Ngāti Hinetu and Ngāti Mihi.

Hineterā is an NTAH hapū that should have been included in this original hapū list of NTAH but was regrettably omitted. In order to amend the Deed and include Hineterā, a special resolution is now required from members.

The Special Resolution

The Trustees of NTAH now invite all members to consider the inclusion of the hapū, Hineterā to NTAH. 75% of all NTAH members who vote must agree to the inclusion of Hineterā in order for the special resolution to be successful.

After careful consideration of the whakapapa, marae, hapū and whenua connections of Hineterā, (see the Background and Whakapapa below of Hineterā), the Trustees recommend supporting the following special resolution:

Special Resolution: That Hineterā are recognised and included as a hapū of Ngā Tokorima a Hinemanuhiri Trust.

Amendment to the Trust Deed

This special resolution will allow Trustees to amend clause 1 of the Deed to:

*Kāhui means Ngā Tokorima a Hinemanuhiri and encompasses Ngāi Tamaterangi, Ngāti Mākoro, Ngāti Hingāngā, Ngāi Pupuni, Ngāti Pareroa, Ngāti Poa, Ngāi Tamatea, Ngāti Hinetu, Ngāti Mihi, **[Hineterā]** and any hapū appointed under clause 7.5 of Schedule Three and approved by Special Resolution to be encompassed by the Kāhui;*

Background and Whakapapa of Ngā Tokorima a Hinemanuhiri to Hineterā.

Kahungunu and Rongomaiwahine

In order to describe the link of Hineterā to Ngā Tokorima a Hinemanuhiri, it is necessary to go back to our eponymous ancestors Kahungunu and Rongomaiwahine.

Hineterā and an Important Union

An important union in Hineterā whakapapa over the next eight (8) to ten (10) generations occurred with the union of Maehe Te Popo and Arapera Manu.

Both Maehe and Arapera as well as their siblings were direct descendants of Hineterā and took on the identity of Ngāti Hineterā because of their common whakapapa links to each other and importantly the whenua that was held jointly by them were traditional lands of Hineterā.

The Marae of Hineterā

To commemorate the tipuna, Hineterā the whare was named "Hineterā" and still carries that name today. Hineterā marae was built over a 100 years ago by Mac Tipu and is located at 24 Mangapoike Road, Frasertown. (See further historical background below.)
